Fishing, Chess

STATEMENT:
The role of a statesman is to defend the rights and
interests of the public against special interests. I
aspire to never back down from defending your rights.
Compromises should further the public interest, not
sell out one group of voters for the benefit of another
group that is louder or more politically connected. Even
the smallest among us deserve protection. For voting
to consistently defend the PFD, I am one of only two
legislators currently endorsed by Save The PFD.

As a veteran and first responder, it has been my
privilege to serve my community in Kabul, Afghanistan,
and also here in the Mat-Su. Having had friends killed
in action overseas, the motto “so that others might live”
means a great deal to me. As John Adams declared:
“Posterity, you will never know how much it cost the
present generation to preserve your freedom. I hope
you will make good use of it. If you do not, I shall repent
in heaven that I ever took half the pains to preserve it.”

Experience and philosophy both lead me to the strong
conviction that Alaskan families are best served by
limited government that empowers Alaskans to exercise
personal responsibility. Parents must be empowered
to choose the best education for their children. Private
enterprise must be empowered to create jobs through
the pursuit of responsible resource development. State
budgets must be balanced and sustainable. Elections
must be secure. Full stop. The legislature must follow
the law. Full stop.
